CAREER OBJECTIVE

Computer Science graduate and a Certified Scrum Product Owner (CSPO) currently working as a Project Coordinator with hands-on experience in software delivery, stakeholder coordination, and Agile execution. Skilled in translating business needs into structured requirements, aligning cross-functional teams, and supporting predictable releases across ERP and web systems. Seeking to grow into a Project/Product Management role with greater ownership of delivery, process improvement, and product outcomes.

TECHNICAL & PROFESSIONAL SKILLS

Project Management & Delivery	Sprint planning, backlog tracking, cross-functional coordination (Dev/QA/Design), UAT facilitation, release readiness, and delivery support across ERP, HR/Payroll, and dynamic websites (Agile/Hybrid SDLC).
Business Analysis & Requirements	Requirement gathering, workflow analysis, user stories, acceptance criteria, BRD/SRS inputs, scope clarification, stakeholder workshops, prioritization support.
System Understanding & Execution	Dependency tracking, impact analysis, integration awareness (APIs/CMS workflows), feasibility alignment between business and engineering, issue triage support.
Documentation & Process	Meeting minutes, trackers, implementation planning, reporting, release notes, structured communication and visibility across project lifecycle.
Tools & Technical Foundation	Jira, Notion, Slack, GitHub; HTML/CSS/JavaScript/React basics.

PROFESSIONAL EXPERIENCE

ATI Limited

Trainee Project Coordinator
Project Management Intern

Jan 2026 – Present
Oct 2025 – Dec 2025

- Coordinating delivery of multiple ERP, government, and web platform projects across education, energy, and public-sector clients.
- Supporting requirement engineering (BRD/SRS inputs), sprint tracking, cross-team alignment, and delivery follow-ups with Dev/QA/Design.
- Assisting UAT coordination, release readiness, documentation, and stakeholder communication for ongoing implementations.

CERTIFICATIONS

- **Certified Scrum Product Owner (CSPO)** — Scrum Alliance *Issued Jun 7, 2026*
Credential ID: 2196763; Credential URL: bcert.me/siupsirvv
- **Project Initiation: Starting a Successful Project** — Coursera (Google) *Issued Apr 2026*
Credential ID: O2WTV45BBNIQ
- **Foundations of Project Management** — Coursera (Google) *Issued Mar 2026*
Credential ID: CRCUF0HV72LE
- **Practical Application of Generative AI for Project Managers** — PMI *Issued Feb 2026*

KEY PROFESSIONAL PROJECTS

Budget Management System

(Client: Bangladesh Navy)

- Leading requirement gathering and coordinating delivery of budget workflow modules with cross-functional teams.
- Acting as liaison between naval stakeholders and engineering to lock scope and maintain delivery visibility.

NATDOC Website (Dynamic/CMS)

(Client: Bangladesh Navy)

- Conducted on-site requirement validation and finalized SRS to confirm workflows, content structure, and approvals.
- Coordinating development progress, documentation updates, and stakeholder feedback loops.

ERP Modules (HR, Payroll, Accounts)

(Client: Jamuna Oil Company Limited (JOCL))

- Supporting gap analysis and requirement detailing for HR, payroll, and accounts-related workflows inside ERP.
- Preparing implementation plans and tracking rollout tasks with dependencies and release milestones.

Dynamic University Website (CMS)

(Client: Bangladesh Maritime University (BMU))

- Coordinating redesign and development lifecycle of the official university portal with CMS-driven workflows.
- Supporting content migration planning, issue tracking, and delivery follow-ups with the technical team.

Centralized Healthcare Platform (International)

(Client: Ghana (Healthcare/Insurance Client))

- Supporting delivery of a multi-tenant platform where multiple hospitals operate within a single system.
- Coordinating cross-border communication, milestone tracking, and documentation for predictable releases.

EDUCATION

- **BRAC University** — B.Sc. in Computer Science Jun 2021 – Sep 2025
CGPA: 3.27/4.00

SELECTED ACADEMIC PROJECTS

- **USIS 3.0** (React, TypeScript, MongoDB, Tailwind) — Student portal with course planning features.
- **BRACU OCA System** (Next.js, React, MongoDB) — Club management tool for Office of Co-Curricular Activities.

EXTRA-CURRICULAR & LEADERSHIP

- **President** — BRAC University Computer Club (BUCC) Oct 2023 – Dec 2024
Former Senior Executive, Human Resources Jun 2022 – Oct 2023
Led a university tech organization with **500+ active members**. Founded the **Research & Development Department** and **Web & App Team**. Drove executive operations, mentorship programs, and cross-team coordination. Led end-to-end execution of **IntraHacktive 1.0**, including stakeholder and sponsor management.
